

TAPE LIBRARY

The following lists reflect the contents of the Department for Public Health's (DPH) video and audio tape libraries. These tapes are available to any staff of the DPH or any of the local health departments' staffs. Some of the uses of these tapes may include: informational / training purposes, new staff orientation, or as presentations during staff / board meetings. Since these are pre-recorded, any CEU offerings for viewing of the live broadcasts are not available to staff who watch the tapes at later dates.

These tape libraries operate much like any other library. You contact the librarian to request the tape, which are loaned one at a time, and you may keep it for approximately two (2) weeks.

The 'librarian' may be contacted by phone, email, fax, or in writing, at the following:

Sandy Williams, Distance Learning Coordinator
DPH - Training Branch HS1W-C
275 East Main St.
Frankfort, KY 40621
502-564-4990 or 502-564-7818 ext. 3639 (phone)
502-564-4553 (fax)
sandya.williams@mail.state.ky.us

Any questions you may have can be addressed to Ms. Williams. Also, if you become aware of any videoconferences or audiotape packages that should be added to the library, please let Ms. Williams know. Your interest in distance learning is very much appreciated.
